SCHOLARSHIP POLICY

Education is essential for a accomplishing a purposeful life but is not affordable for all. Lack of financial support causes many to drop out of the school leaving the journey incomplete. Our management scholarships support these students to continue their journey of education towards a better future. Due to the extensive procedures and formalities involved in obtaining educational loans, along with the burden of repayment, some students may find it difficult to access them. To address this, the institution offers scholarships to selected students based on their academic performance and financial need. These scholarships provide opportunities for students to pursue education that might otherwise be out of reach, empowering them to attain quality education without the stress of accumulating debt.

The institution's scholarship committee is composed of the Registrar, Director of the School, Representative from the LJK trust, and three senior teaching staff members as conveners. Scholarships are awarded based on students' academic achievements and financial need.
